Special Events

We were busy with many events including Big Brothers Big Sisters Month, gatherings for our Bigs and Littles, participating in and nominating our Secretary, Brownwyn Pasloski as City of Whitehorse Volunteer of the Year.

With Thanks…Looking Back

The current fiscal year brings new adventures. In 2021/22 we plan to shake off some of the COVID-19 dull drums (while keeping people safe). To do this, we are looking forward to running our major fundraising events and continuing with our community, group and in-school mentoring programs.

For the past 3 years, we have had a wonder-woman Executive Director: Angela Krueger leading our charge. She did so much great work to build a better and more resilient organization. We are so thankful for all her hard work. With her departure, we hired Carmen Escobar. She brought such enthusiasm and positivity to the role. After a few months both the Board and Carmen found she was not quite the right fit for the Executive Director role. We have not see the last of Angela or Carmen as their hearts remain with our organization and they both want to stay involved.

With Thanks...Looking Forward

Despite many challenges this year, our small agency with a big heart has remained strong! A big part of this is due to the diligence of Elisabeth Lexow, our Mentoring Coordinator. She is the connection between our agency and the folks we work with, and none of our successes would have been possible without her.

Finally, many thanks also go to our board continuing members Becky Johnson, Craig Van Lankveld, Bronwyn Pasloski, Jamie McCarthy. The past year has required all hands on deck and the board has been busier than ever. With Elisabeth, our Board, and our future new Executive Dir[illegible] Sisters of Yukon is ready to keep building strong relatio[illegible] building a better community for all.

~ Nicole Jacques, President
